About me

I am an enthusiastic person who enjoys being part of successful group projects. I am quick to grasp new ideas and concepts and like to develop innovative and creative solutions to problems. I am able to work well on my own initiative and can demonstrate the high levels of motivation required to meet the tightest of deadlines. Even under pressure I have ability to perform effectively.

I'm looking for an opportunity to take the first step in my career. I'm hoping to do so in an organization like yours that work to improve the environment, which is something I'm passionate about.
