- Object Oriented Programming Skills
- Good knowledge about Database Management
- System development and analytical skills
- Software Engineering and Project development skills
- Teaching skills

EDUCATION

BSc (Hons) Degree in Information Technology

Undergraduate at Sri Lanka Institute of Information and Technology

Completed 2 Years of the degree program.

Cumulative GPA: **2.76**

High School

Sujatha Vidyalaya, Matara.

G.C.E Advanced Level Examination in 2015

(Index No:4980093)

Physics - S, Chemistry - S, Combined Mathematics - S

G.C.E Ordinary Level Examination in 2012

Mathematics – A, English – A, ICT – A, Sinhala – A,
Buddhism – A, History – A, Science – B, Geography – B,
English Literature – C

ACHIEVEMENTS

- Member of School Environment Society
- Completed 'Dharma Awasanaya'

PROJECT EXPERIENCE

Wedding Planning System

Online E-Commerce Website

Technologies Used: **HTML, PHP, JavaScript**

- Consisted with E-Commerce Platform
- Used PhpStorm as development platform
- Based on scripting using PHP, and JavaScript
- Found basic functions and sub functions including user registration and login through case studies
- Used MySQL to manage database functions

Bus Scheduling System

Website

Technologies Used: **HTML, Java, JSP**

- Consisted with basic functions including user registration and login
- Consisted with several system functions
- Used Eclipse as the development platform
- Based on Object Oriented Programming
- Used Model-View-Controller concept
- Found basic functions and sub functions through case studies
- Used diagrams to analyze and design the system using software engineering concepts
- Used MySQL to manage database functions

School Management System

Desktop Application

Technologies Used: **C#**

- Consisted with basic functions including user registration and login
- Consisted with several system functions
- Used Microsoft Visual Studio as the development platform
- Based on Object Oriented Programming
- Found basic functions and sub functions through case studies
- Implemented Classes and Subject Management of school
- Used SQL to manage database functions
- Implemented report generating tools

Online Food Ordering and Delivery System

Android Mobile Application

Technologies Used: **Android, Java**

- Consisted with basic functions including user registration and login
- Consisted with several system functions
- Used Android Studio as the development platform
- Based on Object Oriented Programming
- Implemented Event Ordering function
- Used Firebase to manage database functions
